la guerre contre moi-même

jour après jour
année après année
je me suis perdu dans les dédales du mal
la drogue, le sexe
péchés et regrets

la guerre, la guerre
la guerre contre moi même
la guerre, la guerre
la peine éternelle

j'ai envoyé chier les plus jolies filles
je me suis enculé avec le godemichet
j'ai trahi le christ pour l'idéologie
j'ai trahi ma race pour le cul et la crasse

la guerre, la guerre
la guerre contre moi même
la guerre, la guerre
la peine éternelle

This track is made up of some improvisation on guitar/electronics, some computer generated tones, and some other little electronics. Hastily assembled on computer. I completed it just before I left sticky Philadelphia for a lovely Midwest and West Coast (United States) tour with Mike Shiflet and Jason Zeh.
